

SPECIALTY PRODUCTS

Solutions to Everyday Concerns

Electrode Prep Pads

- Cleanses skin in preparation for electrode placement.
- Pumice removes excess skin oil for better electrode-to-skin contact and longer interface-free contact.
- Contains 70% Isopropyl Alcohol and pumice.

Adhesive Tape Remover Pads

- Effectively removes tape and residue from skin.
- Reduces patient discomfort.
- Contains C11-12 Isoparaffin, Isopropyl Alcohol, Petroleum Naphtha, Isopropyl Palmitate, Isopropyl Myristate, Isopropyl Stearate.

Ammonia Inhalant Pads

- For inhalation only to prevent or treat fainting.
- Unique foil pocket-packet is safer than glass ampules.
- Contains 15% Ammonia, 20% Isopropyl Alcohol.

Wet Prep Green Soap Sponge

- The proven standard for minor shave prep procedures.
- Perfect for emergency room patient clean-up.
- Ideal for general wound cleansing prior to treatment.
- Foam sponge saturated with green soap solution.

Io-gone® Iodine Remover Pads

- Removes extraneous iodine stains from skin & clothing.
- Quickly dissolves residual iodine color more completely than alcohol.
- Contains Isopropyl Alcohol 50% & Sodium Thiosulfate 3%.

Nail Polish Remover Pads

- For the removal of nail polish when respiratory evaluation is necessary.
- One pad sufficient for up to ten nails.
- No acetone.
- Contains Ethyl Acetate, Isopropyl Alcohol, Water, Propylene Glycol, Dicaprylate/Dicaprate, Butylene Glycol.

Lemon Glycerin Swabsticks

- Provides oral lubrication for patients on oxygen, general anesthesia and drug therapy. Also for patients prescribed fluid restricted diets.
- Lint free swabs are impregnated with Lemon Glycerin solution which leaves no undesirable after taste.
- U.S.P. Glycerin is gentle and soothing.
- Individual foil packets; prevents cross contamination.
- Contains Glycerin U.S.P., Citric Acid U.S.P., Lemon Flavoring.

Compound Benzoin Tincture Swabsticks

- Reduces skin irritation for patients with frequent dressing changes; forms a protective film on the skin.
- Excellent for use in post-op wound dressing.
- Ideal for hyperalimentation dressing kits.
- Contains Compound Benzoin Tincture U.S.P. containing 77% alcohol.
